**Step 3:** Of the actionable ideas you identified, which **ONE** action step do you want to commit to applying?

**Step 4:** Go deeper by solidifying your commitment.

**WHO** will you commit to share your commitment? Identify someone to be your leadership development champion and ask them to check back with you in eight days.

**HOW** will you implement this learning? Be specific. Does it involve your whole team or just you? Does it require additional reading? Do you need to complete some prep work first? In what repeatable ways will you practice this new skill?

**WHEN** will you start putting the learning into practice? Don't wait. Identify a specific date and time. You may find it helpful to open your phone/calendar right now and schedule your next step with a notification.

**Step 5:** Go public!

Share your commitment to growth by using the hashtags **#SummitONE** and **#GLS20** on social media.
