

CRAIG GROESCHEL SESSION NOTES

Craig Groeschel is Senior Pastor of Life.Church, an innovative church meeting in multiple USA locations and globally online. Named in the top 25 CEOs in the USA (small and midsize companies), Groeschel is a New York Times best-selling author, speaks frequently across North America and around the world and hosts the Craig Groeschel Leadership Podcast—with more than 1 million monthly downloads.

PERSONAL REFLECTION

1. As an emerging leader in your community, are there any voices in your life that you're listening to, who are currently hindering you from stepping into your calling? These voices could be:

- **Your own**
- **Friend / Peers**
- **Family**

2. If there are, what is one thing you could do to 'Burn the Ships' and commit to growing as a leader?

GROUP DISCUSSION

1. Discuss in your small group how you could apply the term GETMO to your life and how it would increase a return on your time, money or resources.

GETMO: Good Enough to Move On!
Find the 'sweet spot' where you get the maximum return for your time, money and resources.

**"Bend the Curve (BTC) and 'Burn the Ships!'
Eliminate the options to turn back. Leader's
step into their position and commit to what
they're compelled to do."**

GROUP DISCUSSION

2. As a developing leader, share about something in your school, workplace or youth group that could be an issue or improved upon. Discuss in your small group an 'inside the box' strategy to improve the situation.

NEXT STEPS

Take that 'inside the box' idea and share it with your teacher, boss or youth pastor. Try to action the idea and make a positive difference!

"Think *inside* the box! Outside the box there are unlimited options. Constraints can drive creativity.."
